Media Release
August 12, 2016

On the advice of Chief Minister Mr. K. Chandrashekar Rao that HMRL and Delhi Metro Rail Corporation (DMRC) shall collaborate with each other, share their respective experience and develop plans for Hyderabad Metro Rail phase-II expansion, HMRL MD Mr. NVS Reddy invited DMRC MD Mr. Mangu Singh today to Hyderabad. Both the MDs along with their engineers and transportation planners inspected different routes of Hyderabad city which have potential for being covered in Metro phase-II expansion and held discussions in Metro Rail Bhavan. The mandate given by the Chief Minister is as under:

- Identification of potential Metro Rail phase-II corridors.
- Plugging the gaps in Metro Rail phase-I planned by the earlier united AP Government by linking corridor-I and corridor-III with extension of Metro corridor-III by about 5 km from Nagole to LB Nagar station of corridor-I; extending corridor-III to Shamshabad International Airport from Raidurg, etc.
- Intermodal integration between Metro stations, Railway terminals, Bus terminals and other modes of transport.
- Suggesting appropriate transportation solutions like Metro Rail or other types of public transport for most parts of the city and its outskirts, depending upon the density of traffic.
- Techno-economic feasibility of extending corridor-I (Miyapur-LB Nagar) on both sides towards Patancheru and Hayathnagar and beyond so that the inner city Metro link is connected to ORR and the future townships in ORR growth corridor.
- Exploring different options to raise financial resources to fund Metro Rail expansion and other modes of public transport.

During the meeting, the MDs of HMRL and DMRC have arrived at a broad understanding to work on the directives of the Chief Minister of Telangana and come up with a plan in the next few months.
