METRO DIGEST

Metro stns to be like airports

In a few months, Metro stations will sport airport-like feel where commuters travelling to public transport hubs such as railway stations and bus depots can carry their luggage in trolleys. HMRL MD, N V S Reddy, said rest of Corridor One (Ameerpet to LB Nagar) is expected to open for public in August. "Commuters travelling from Metro station to Secunderabad railway station can just keep their luggage in a trolley and later leave the trolleys at platform itself," said Reddy.
