Dt: 16.11.2015

MD, HMR Mr. NVS Reddy inaugurated the modernized Imliban Dhobighat at Mahatma Gandhi Bus Station, Hyderabad constructed by Hyderabad Metro Rail as compensation & rehabilitation in lieu of the property of about 1 acre acquired for the construction of Metro Rail viaduct, on Monday (November 16, 2015).

Addressing the gathering of washer men, local residents and other prominent members who participated in installation of Renuka Yellamma deity at the new Dhobighat, Mr. Reddy said that rehabilitation of affected people will always remain top priority for HMR. He also thanked the washer men for their cooperation in extending their land for the construction of a world class Metro station at MGBS. During his address he reiterated that Hyderabad Metro train will be a mode of convenient and safe travel for all commuters and it will be an example of social equality and foster oneness amongst all classes of society.

MD, HMR also explained that new dhobighat constructed by HMR at a cost of about Rs. 90 lakh has many added facilities like :

- Drilling of 165 mm diameter (6 ½") bore well.
- Wash room facilities.
- Provision of washing Ghats.
- Construction of community hall (952 sft plinth area).
- Construction and raising of compound wall for 700 ft length.
- Paving the pathway by providing CC road and SS flooring.
- Provision of sheds over washing Ghats.

He has also informed the gathering that the displaced families will soon be allotted one acre at Uppal as promised earlier.

MD, HMR visited Metro Interchange station being constructed at Imliban and inspected the progress of works. He advised engineers to expedite the construction work to reduce inconvenience to the commuters. He examined various aspects that are being implemented in the construction of the interchange station.

Superintendent Engineer, Mr. Vishnu Vardhan Reddy, GM (Works) Mr. BN Rajeshwar and other senior engineers and officers of HMR and L&TMRHL joined the inauguration and inspection.
