Hyderabad: Two firms — Larsen & Toubro and NCC Ltd (formerly Nagarjuna Construction Company) — are in the race to bag the Hyderabad Airport Metro Rail project and have submitted bids for the ₹5,688cr tender.

The engineering, procurement, and construction (EPC) contract for the Raidurg-Airport stretch was opened by Hyderabad Airport Metro Ltd (HAML) on Thursday.

HAML sought global tenders for the Airport Metro project and a pre-bid meeting was held on June 14. While representatives of 13 national and global firms, including Alstom, Siemens, Tata Projects, IRCON, RVNL,

BEML, PANDROL Rahee Technologies and L&T displayed interest, only two participated in the bidding on Thursday.

L&T, which developed Metro rail through public private partnership and sought government aid to tide over losses, took part in the bids. The Airport project is completely funded by Te-

langana government. Recently, the state government asked L&T to take up the remaining Metro connectivity between MGBS and Falaknuma.

Officials said, L&T and NCC submitted documents on project execution experience, technical and financial strengths, audited financial statements, apart from secu-

Metro services in green line resumed

Hyderabad: The L&T Hyderabad Metro officials announced that metro services in green line resumed from Thursday. The services on corridor-II between Jubilee Bus Station and MGBS have been restored to original schedule from 6:00 am to 11 pm. TNN

rity deposit of ₹29 crore each in bank guarantees.

“The bid documents will be scrutinized by experts of GC (Systra-led General Consultants) and senior HAML technical officers. Evaluation will take 10 days and the recommendations will be submitted to the government,” HAML managing director NVS Reddy said.
