

**Media Release**

**June 25, 2020**

As a part of “Telanganaku Haritha Haram” programme this year, HMRL is taking up large scale plantation in various sites belonging to it. While avenue plants are being planted at Metro Stations, along the Metro Corridors, and in depot areas/other open places, flowering shrubs are being planted in the central median below the Metro viaduct. Forest species of different varieties are being planted in the forest blocks at Gollur (891 acres) and Turkayamjal (142 acres) allotted to HMRL. A total of 5 lakh saplings like Spathodea, Mahagoni, Lagerstomia etc, besides Neem, Chinta and Ravi plants are being planted by HMRL this year and plantation activity has been commenced with

MD, HMRL Mr.NVS Reddy, senior engineers and officers planting saplings today in the parking and circulation area adjacent to Metro Rail Bhavan, Rasoolpura.
