

# Hyd Metro Rail Phase-2 DPR under review, says NVS Reddy

**PNS ■ HYDERABAD**

The Detailed Project Report (DPR) for Hyderabad Metro Rail Phase-2(A) is currently under the central government's review, and approval for Phase-2(B) from the Telangana government is expected shortly, announced Hyderabad Metro Rail Limited (HMRL) Managing Director NVS Reddy on Sunday. He was speaking after unfurling the national flag at the Telangana State Formation Day celebrations held at Metro Rail Bhavan, Rasoolpura.

Addressing employees and officials, NVS Reddy said that the upcoming expansion of the metro network presents a new

set of challenges, and urged officials to approach the execution of Phase-2 with commitment and urgency. "Metro Rail will play a crucial role in shaping the future of Hyderabad's urban mobility. As we step into the second phase, our responsibility and the complexity of work both increase," he said.

Reflecting on the signifi-

cance of the day, he paid tributes to the martyrs and the people whose sacrifices made the formation of Telangana a reality. He noted that Telangana has shown remarkable progress in the past decade and has secured top ranks in various development indicators nationwide.

NVS Reddy highlighted that the metro's role in Hyderabad's infrastructure has grown from being a transport solution to becoming a critical component of the city's economic and environmental strategy. The new corridors under Phase-2 are expected to further enhance connectivity and ease congestion across key areas of the city.
